BRED FEMALE SALE

# Great Lakes Beef Connection

FALL EDITION

# 11.26.2022

5075 Clarabella Road, Clare, Michigan 48617 • 1:00 pm • JC Simmentals Sale Facility

## SCHEDULE OF EVENTS

### FRIDAY, NOVEMBER 25

Females Available for viewing

### SATURDAY, NOVEMBER 26

8:00 AM Females available for viewing  
12:00 PM Complimentary Lunch  
1:00PM Sale Begins

## AUCTIONEER

Col. Jimmy Lambert 231.920.8263

## SALE DAY PHONES

John Miller 989.429.2834  
Marty Ropp 406.581.4835  
Steve Oman 989.429.3600  
Corey Wilkins 256.590.2487  
Brian Harris 517.749.4117

## TRUCKING

The GLBC will make every effort possible for low cost trucking. Load out will be available immediately following the sale. We ask if females have to remain at GLBC please make plans of pick up within 10 days of purchase.

## ANNOUNCEMENTS & SUPPLEMENTAL INFORMATION

All announcements made on the sale block will take precedence over printed material. Sale Orders & Penning Charts will be given to prospective buyers.

## HOTEL ACCOMMODATIONS

Doherty Hotel 989.386.3441

## REGISTRATION & UPDATED EPDS

All cattle will be registered with the American Simmental Association. Please note EPDS may change from the time the sale book is printed until the registration papers are transferred. EPDS printed in the catalog were pulled from IGS on October 24, 2022.

## HERD HEALTH

Every animal in J/C Simmentals breeding herd is properly vaccinated and boosted annually for IBR, BVD, BRSV, PI3, 7-Way Clostridium, Pasteurella, Haemophilus Somnus. All Females are vaccinated for Brucellosis and every calf born on the farm each year is tested for BVD-PI. **Our cow herd is tested annually for Johne's Disease and Leukosis.** All animals on our farm are treated annually with Long Range and with Safe-Guard or Valbazen drench.

## Volume Discounts

### PURCHASE THREE FEMALES

Receive a \$300 dollar Credit at 2023 Great Lakes Beef Connection Bull Sale.

### PURCHASE FIVE FEMALES

Receive a \$500 dollar Credit at 2023 Great Lakes Beef Connection Bull Sale.

# Great Lakes Beef Connection

Welcome to our third annual Great Lake Beef Connection Female Sale. We are offering a great set of females again this year. We continue each year to try and raise the bar with females that are unmatched for phenotype and EPDs.

From a genetic standpoint all females come from Cutting Edge genetics, selling with genomic enhanced EPDs. Physically all females are evaluated critically for disposition, feet and leg structure, utter quality, fleshing ability and eye appeal. We guarantee the females will work in any environment and will offer longevity and productivity for years to come.

The future in the cattle business looks very positive! With low beef cow numbers and demand for high quality beef, we could see record prices in 2023.

The sale format will be set up as a video sale and all females will sell individually by lot. Please feel free to come by and view the females any time prior to the sale. THANK YOU for your past purchases and feel free to contact John or any other numbers listed in the catalog. We appreciate your interest in our program and hope to see you at the ranch November 26th.

Blessings,  
John, Andy, Brian, Steve and our families

*The John Miller Family*

*The Andy Salinas Family*

*The Steve Oman Family*

# Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

**ACCREDITED GENOMIC PLUS** – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

**ACCREDITED CALVING EASE** – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

**ACCREDITED TERMINAL MATE** – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

JC MR TALON 403G Sire of Lots 1-3.

**JC MR TALON 403G *Reference Sire***  
 What a strong offering of Talon females we have to leadoff the catalog with. The females have all the right pieces to serve as cornerstone breeding females and study with fantastic figures. These easy fleshing, nicely balanced females will be crowd favorites come sale day.

## JC HURON 7262G *Reference Sire*

We could not be more satisfied with how the Huron progeny are excelling in our program. The cattle have an extra shot of performance, length, and mass. The Huron sons were one of our highest selling sire groups at our bull sale and we expect the same out of the Huron females. He is no doubt a true dual purpose herdsire who will enhance both terminal and maternal traits.

JC MR HURON 7262G Sire of Lots 4-10.

## HOOK'S FRONTLINE 40F *Reference Sire*

If you have had the pleasure of calving out some Frontline females you realize the maternal value of these genetics. We could take a whole pasture full of Frontline daughters as they just simply do everything right. The females are quiet, have beautiful bags, and maintain flesh in the harshest environments. Every Frontline daughter in the sale received the G+ logo on Rightchoice and have the figures which would move any operation ahead.

## HOOK'S FLINT 2F *Reference Sire*

Flint has served as our heifer bull specialist the last few years and the progeny have wonderful type. We like the females for their structural soundness and always command your attention with their striking look and balance. If you are looking for the moderate easy keeping kind who can stand up in the harshest environments look no further.

HOOK'S FLINT 2F Sire of Lots 40-46.
